KICKING HORSE
CANYON PHASE 4

Construction and traffic update

May 19, 2022

One year in: see the transformation underway!

It has been approximately one year since the start of major construction, and with the third extended closure of the Trans-Canada Highway in the canyon coming to an end on May 20, the visible progress is remarkable!

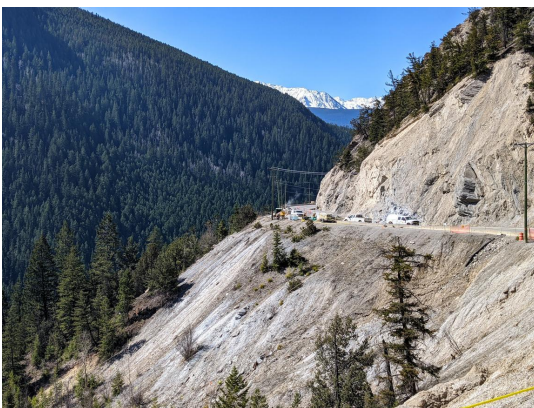

Sheep Bridge May 2021: Building access to begin construction of pier foundation

Sheep Bridge October 2021: Girders are installed

Sheep Bridge May 2022: Concrete bridge deck is poured

Bighorn Bridge April 2021: Drilling anchors

Bighorn Bridge May 2022: Installing girders

Lynx Viaduct May 2021: Piles being installed

Lynx Viaduct May 2022: Box girder installation nearing completion

Elk Viaduct girder installation in mid-May 2022: While cranes occupy the highway alignment during the extended closure, the temporary road below this viaduct has been used to provide limited east-west guided access through the site for school buses and local commuters twice daily

Late Spring / Summer 2022 hours

- The Spring 2022 extended closure ends at 12:00 noon on May 20
- From noon May 20 until noon May 24, the highway will be open with no stoppages due to construction
- From noon May 24 to May 31, there will be 30-minute daytime and evening stoppages, along with overnight closures (10 pm to 7 am)
- From June 1 to mid-September, summer hours will be in effect, generally as follows:
 - No daytime stoppages due to construction
 - 30-minute stoppages in the evening
 - Overnight closures Sunday through Thursday nights
 - 30-minute stoppages overnight Friday
 - No closures or stoppages overnight Saturday
 - Highway open for long holiday weekends

Visit the Highway Status Calendar (click on button at the right) for details

Another extended closure may occur this fall, after September 15. Actual dates will be available around mid-summer.
